# Call for Submissions

ArmTech '09 is the third international high technology industry congress gathering an outstanding group of professionals and parties interested in the rapidly rising technology sector of Armenia. ArmTech Congress offers a unique opportunity to create new contacts and professional networks, share information and experience, and identify new business and investment opportunities. This year's program will feature keynote talks, presentations and panel sessions by industry, academia and governmental organizations, as well as poster sessions aimed at attracting investment into viable business projects.

The ArmTech '09 Program Committee invites submission of abstracts for presentations to be delivered at break-out sessions and for posters to be displayed at dedicated sessions.

Both presentation and poster sessions include but are not limited to these themes:

- Information and Communication Technology (ICT), Internet and Digital Multimedia
- Electronic Design Automation (EDA) and Computer-Aided Design (CAD)
- Semiconductors and Electronics Equipment
- Alternative Energy and Green Technologies
- Advanced Materials
- Biomedical Technologies and Pharmaceuticals
- Industrial Instrumentation Design and Robotics
- Investment Projects, Higher Education and Scientific Research

and include, but are not limited to the following general topics:

- Higher Education
- Intellectual Property
- Global Management
- Research
- Investment
- Legislation
- Professional Networking
- Outsourcing

## Submission rules and guidelines

Presentation or poster submissions need to provide a brief outline, not to exceed one page. Proposals need to highlight the business value of the submission to ArmTech '09 attendees. On the title page, please identify the session topic that relates to the submission, and include: full name(s), affiliation(s), e-mail address and current position of the contact author, in addition to a short bio (up to 200 words) and a small photo.

A submission will be considered as evidence that, upon acceptance, the author(s) will present at the Congress, and will submit a final camera-ready version of the outline for inclusion in the proceedings by the date specified below.

## Deadlines

- All submissions are due no later than **August 31, 2009**
- Proposers will be notified of the disposition of their submissions by **September 15, 2009**
- Final camera-ready version for publication in the Proceedings is due **October 8, 2009**
- All submissions are to be made electronically through the ArmTech website. Access the submission link in the Program information at [www.armtechcongress.com](http://www.armtechcongress.com)
